

Name:

Choose the one you like best!

You have been asked to find information about THREE types of rocks: **igneous**, **metamorphic**, and **sedimentary**.

You must choose the Web site that has the BEST information about these rocks. Click on each of the Web site addresses below to visit the sites.

<http://www.cotf.edu/ete/modules/msese/earthsysflr/rock.html>

<http://www.minsocam.org/MSA/K12/rkcycle/rkcycleindex.html>

http://www.windows.ucar.edu/tour/link=/earth/geology/rocks_intro.html&edu=elem

Choose the ONE you like best, insert an asterisk next to it, and answer these questions about it:

What is the NAME of the site you've chosen? Click in the space below and type your answer:

Why do you think this is the best site? Click in the space below and type your answer:

What DIDN'T you like about the other sites? Click in the space below and type your answer:

After you have answered all of these questions and checked with your teacher, you may visit this link to learn more about the rock cycle:
