Three Transports

Different areas of the United States use different modes of transportation. Complete the attached chart of three different forms of transportation, where they are used, and why you think people choose to use that form of transportation. Use these <<episode arrows at the top of [Globetracker's Mission: Locating Louie](#) to "rewind" to the weekly episodes you need to remember each location.

Key West, Florida (week of February 25, 2018)

New York City (week of March 11, 2018)

Seattle, Washington (week of March 18, 2018)

Conclusion: What general statement can you make about transportation and the factors that influence the type of transportation people use in different locations around the United States? Write it here. Use the back, if needed.
